

C25 is the entry level machine that will grant any start-up or community their stationary machine for a versatile production. A simple machine designed to offer good production and the traditional Cadonà quality at a reduced cost.

It's the best choice for those looking for semplicity of use and maintenance.

TECHNICAL FEATURES

Semiautomatic stationary block machine - Manual loading - Manual extraction

One-way vertical vibrator with adjustable speed

Adjustable vibration depending on production output

Mould size: cm 53 x 53 height min. cm 5 max. cm 22,5

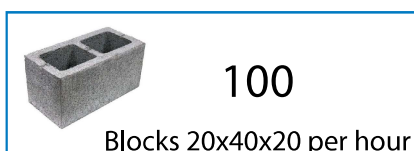

Machine size: cm 136 x 95 x h245 - weight kg 700

Motors and power: 2 motors tot. 4 Hp (3 kW)

Pallets size: cm 58 x 58 x 4

Pallets per shift (8 hours): 400 pcs

Ancillary equipment needed: planetary mixer 300 lt. + wheelbarrow & shovel + pallets

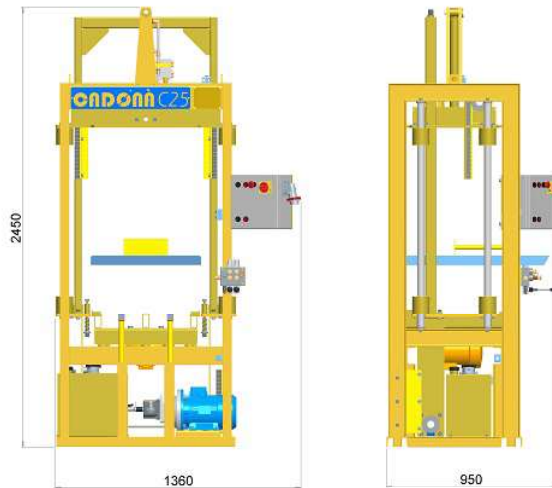

Blocks per mould
 20x40x20: 2 pcs
 15x40x20: 3 pcs
 10x40x20: 4 pcs

Pavers per mould
 20 x 10: 10 pcs

Cycles per hour :

50

The production output for manual loading machines depends also on overall plant speed.

Dimensions of machine ready to work:
 cm 136 x 95 x 245 - weight kg 700

To complete the plant you will need:
 planetary mixer 300 lt + wheelbarrow & shovel + pallets

Dimensions of the machine packed:
 120 x 130 x H230
